# MELODIA: A NEW TUNE OF VENDING

L362U0

**Melodia** is the new Necta's S&F model that, thanks to its reduced footprint and its wide product offer, represents an ideal solution for small to medium locations, or any environment where space is limited.

**Melodia** offers a flexible vending experience for all tastes, thanks to reliable technologies and an elegant design that complements each environment it is in. Available in different versions, **Melodia** helps provide a solution for a variety of vending needs.

## DESIGN
• Neat and understated design
• Led lighting of the cell
• Newly designed delivery bin easy to brand

## USER INTERFACE
• Wide range of choice - up to 36 selections
• Capacitive keypad with LED lit buttons
• Graphic display 128 x 64 pixel
• Metallic interface with black plastics elements
• Optional anti vandalism coin introduction

## DISPENSING TECHNOLOGY
• High efficiency compressor with possibility to set three temperatures in the cell
• New trays which offer maximum layout flexibility (positioning each 10 mm)
• New pull delivery bin with reinforced opening/closing mechanism

## ELECTRONICS
• Advanced 16 bit electronics with flash memory
• Master/slave connection with other Necta's models
• Transmission and collection of statistics according to EVA DTS system
